## **Katie Woods**

CollegeDegrees360. 2012. Photograph. Flickr.

Katie lives in Syracuse with her grandparents and commutes in a 2001 Volvo v70 to SUNY Oswego. She currently is a part-time Economics undergraduate in her fifth semester. Katie works part time at Dave and Busters in Destiny USA as a waitress. She was the chess club captain, played soccer, and ran indoor and outdoor track in high school. In addition, she often volunteers in her local community, giving back as much as possible. Katie inspires to be a Market Analyst one day.

She has an iPhone 7 and an iWatch. Her perosnal computer is a Lenovo Yoga 3. At work she uses the POS system almost daily. Plays the Nintnedo Wii with family when she gets time. Checks her Facebook, Instagram and Gmail daily, eventhough she doesn't post anything on social media. She uses Google news to stay up to date on current events.

Katie values her family and helping others. She works very hard to achieve good grades. Her co-workers know they can depend on her to get things done around the workplace and is realiable.
